Dear Parents and Carers,

Re: Communicating with your child through SEESAW

Having reflected on our approach to home learning during lockdown we have taken some steps to enable us to communicate directly with every child. Should your child's class be required to self-isolate or if there is a lockdown we have decided to use the Seesaw platform. We have already shared details of this with your child. In addition, your child can upload work to share with their class teacher should they wish.

Please find details here of **Seesaw** <https://web.seesaw.me/> and how your child can log in.

How Do Students Use Their Home Learning Code?

1. Students go to <https://app.seesaw.me> on a computer. Or install the Seesaw Class App on an iOS or Android device.
2. Students tap "I'm a Student".
3. Students scan their code using Seesaw's built-in QR code reader or type in their text code to access their Seesaw account.

If you have any questions or problems logging in please let us know and we'd be happy to help.

Yours faithfully,

Peter Richardson
