

Autumn 2: How have trains made travel easier?

Home learning ideas

- Create a poster about the first train invented
- Research about different types of trains and write some facts about them
- Draw or even create your own model of a train
- Find out about different trains in the world
- Learn about famous people who invented and were the first people to invent trains
- Imagine you are one of the first people to go on a train, write a diary entry about that day and how you felt.
- Research about the different parts of a train and how they work!
